

Peer Science Leader Application for WINTER 2012

The Peer Assisted Learning program provides a system of structured, guided study to help students master the material in specified science courses. Peer Science Leaders are students who have previously taken the course and who are interested in helping others become better learners in that course. Peer Leaders attend class meetings and facilitate out-of-class group work sessions with students, working 4-8 hours per week.

Peer Leaders have the opportunity to sharpen their skills as a leader and public speaker, gain experience facilitating groups, and develop a greater understanding in a particular subject area.

Name _____ Phone _____ Mailbox _____

Email _____ Graduating Class _____ Major _____

Fail-safe way to reach you in the final 2 weeks before Winter semester _____

1. For which course section(s) are you interested in being a Peer Science Leader? If you select more than one course or section, please specify the order of preference.

- ___ Chem 108AA: MWF 9:30 – 10:50 am (Henry)
- ___ Chem 108AB: MWRF 11:00 – 11:55 am (Lawson)
- ___ CHES 108B: MWF 8:00 – 9:20 am (Austin)
- ___ Chem 218: MWRF 11:00 – 11:55 am (Koviach-Côté)
- ___ Env. Studies 203: MWF 12:05-1:00 am (Gahl)
- ___ Bio 190A (formerly 101): MWF 8:00-9:20 (Sommer)
- ___ Bio 190B (formerly 101): MWF 9:30-10:50 (Sommer)
- ___ Phys 108A: MWF 8:00 – 9:20 am (Semon)
- ___ Phys 108B: MWF 9:30 – 10:50 am (Semon)

2. Please explain your interest in helping others think through content and study skills in this course.
