Gordon-Conwell Theological Seminary
Master's - Theological Studies
Gordon-Conwell Theological Seminary is an educational institution serving the Lord and his Church. Our mission is to prepare men and women for ministry at home and abroad.

The seminary undertakes this task as a training partner with the Church so that what is learned on campus may be complemented by the spiritual nurture and the exercise of ministry available through our mentoring programs in the Church. Those who work and study at Gordon-Conwell are united in the common belief that the abiding truth of God's written Word and the centrality of Christ's saving work are foundational to the seminary's mission. These principles structure the seminary's life and values, inform its curriculum and activities, and determine the evangelical perspective in which it sees its responsibilities in preparing students for ministry in the modern world.

The Johns Hopkins Carey Business School
Timid doesn’t play well here. Since its founding in 1876 as the first research university in the United States, Johns Hopkins has been proving that risk is worth taking when attacking the most vexing problems of society – poverty, corruption, illness, ignorance. We believe that business, by embracing the bigger picture, has the power to change the world in a positive way.

Timid doesn’t play well here. Since its founding in 1876 as the first research university in the United States, Johns Hopkins has been proving that risk is worth taking when attacking the most vexing problems of society – poverty, corruption, illness, ignorance. Business success is not an end unto itself. It should be the means for building a more successful society. Go to the toughest problems first.

We create and disseminate knowledge that will shape business practices, and we educate business leaders who will grow economies and better their communities. We measure our success by the way a Carey graduate stands out, as an innovative business leader and exemplary citizen.

We offer full- and part-time MBA and Masters degrees in Financial Businesses, Health Care Management, Real Estate and Infrastructure, Marketing, Entrepreneurship, and Enterprise Risk Management.
