Georgetown University, Graduate School of Arts and Sciences
The Graduate School of Arts & Sciences at Georgetown University is an exciting and diverse academic community that offers students a wide array of programs from which to choose. Program opportunities range from doctorates in established disciplines to interdisciplinary masters degrees in emerging fields. In addition, access to numerous dual-degree programs makes it possible for students to pursue courses of study that are highly specific to their intellectual interests and career plans. http://grad.georgetown.edu

Marlboro College
MBA in Managing for Sustainability, MSM-MDO in Managing Mission-Driven Organizations, MA in Teaching for Social Justice, MA in Teaching with Technology, MSM in Health Care Administration, MA in Teaching English to Speakers of Other Languages. www.marlboro.edu

Merrimack College
Our targeted programs in fast-growing fields of Business, Education, and Engineering prepare students to meet the diverse demands of careers in academia and industry. And guided by our Augustinian values, graduate students are encouraged to engage, debate, and share ideas – fostering a stimulating intellectual community among students and faculty. http://www.merrimack.edu/academics/graduate/

New York University, Graduate School of Arts and Science
NYU GSAS offers 54 programs providing advanced degrees, including doctorates, master’s and certificates. We comprise 200 fields of study covering a wide range of disciplines and cross-disciplinary work. http://gsas.nyu.edu/page/gradHome
Northeastern University College of Professional Studies
The College of Professional Studies at Northeastern fosters a learning environment for our students where programs taught are grounded in theory and applied in practice. With a faculty comprised of respected scholars pursuing the latest research in their fields, and industry leaders whose real-world experiences are put into practice in the classroom, we provide a rich academic curriculum that reflects the needs of all our students. As the College continues to evolve, it will prepare our students for success in the global arena and provide opportunities for advancement in their professional careers. www.northeastern.edu/cps

Simmons College, School of Social Work, School of Art + Sciences
Simmons’s nationally regarded Master of Social Work (M.S.W.) Program provides a rigorous clinical social work education for women and men. The Program is highly respected for its fieldwork component, with internships three days per week in both years of the Program. We offer a progressive, hands-on curriculum that infuses education and practice with social justice values and multicultural perspectives. http://www.simmons.edu/ssw/

Suffolk University, College of Arts & Sciences, Sawyer Business School
Suffolk University is a private institution that offers more than 50 graduate programs for students looking to enhance and cultivate their personal and professional goals. Positioned in the heart of Boston, Suffolk prides itself on its centralized location next to the thriving financial, healthcare, political, and social districts in the city. With small class sizes and a focus on providing a dynamic and relevant learning experience for all students, Suffolk ensures that you will acquire the practical tools needed to help you succeed both personally and professionally. www.suffolk.edu/grad

The New School
The New School offers some of the nation’s most distinguished graduate school programs in art and design, the performing arts, media and communications, creative writing, humanities and the social sciences, professional management and public policy, and international affairs. Integrating The New School tradition of combining in-class and in-the-field work, each program guides graduate students through an exciting and challenging course of study headed by a faculty of artists, scholars, and professionals who practice what they teach. http://newschool.edu

Tufts University, Graduate School of Arts and Sciences and School of Engineering
In our graduate degree programs, you have the opportunity to study the arts, humanities, social and natural sciences and engineering. In addition, there are many cross-school and cross-disciplinary graduate degree choices, as well as interdisciplinary research opportunities. http://gs.as.tufts.edu/ http://engineering.tufts.edu/

University of Maine Graduate School
The University of Maine is the state’s only research university and the flagship campus of the University of Maine System. The doctorate is available in 30 areas of study and the master’s degree may be earned in over 75 areas, ranging from the arts and humanities, sciences, and engineering to professional degrees in the fields of business, education, nursing, communication, and social work. www.umaine.edu/graduate
University of Vermont

UVM is a small research university located in Burlington, VT. As a graduate student you participate in close collaboration with our faculty in the creation of new knowledge. The Graduate College offers degrees in over 50 academic programs including the natural sciences, biological sciences, languages and history, in addition to degrees and certificates in professional disciplines. One notable feature of a UVM education is that many of our programs are interdisciplinary, spanning several departments and colleges to focus on developing research areas. These programs capitalize on the exceptional strengths of UVM faculty and core-facilities and our collegiate atmosphere. http://www.uvm.edu/~gradcoll/
