

**The Environmental Studies Major Course Form
(classes of 2019 and beyond)**

Name _____ Class _____ Box _____ Tel _____

E-Mail Address _____

In order to declare your major in Environmental Studies, fill out both this form and the major declaration form provided by the Registrar. Bring these completed forms when you consult with the adviser of your desired concentration. Next take both forms to the chair of the Environmental Studies committee, then return the College's form to the registrar.

Please be aware to consult the ES website and/or ES Internship Coordinator about the internship requirement for an ES major.

Your answers to the questions on this form are not irrevocable commitments; the Environmental Studies Committee recognizes your interests may change. If you do change your concentration, however, you are required to fill out a new form.

Why do you want to major in Environmental Studies?

Which concentration in Environmental Studies do you wish to pursue? Your thesis must deal with a topic related to your concentration.

When do you expect to do your internship? What sort of internships would interest you?

Do you plan to participate in an off-campus program?

TENTATIVE COURSE SCHEDULE

Please give us an indication of what courses you intend to take to fulfill your major requirements, and when you intend to take them. This form is not binding; it is simply meant to help you plan.
