

Uploading a Bates Environmental Studies Thesis to SCARAB

You must upload your thesis to SCARAB on the same day your completed thesis is due to your advisor, unless directed otherwise by your advisor. In all cases your thesis must be uploaded to SCARAB before you can be certified for graduation.

Instructions for Students: To submit, you must have your thesis in electronic format. SCARAB allows you to upload one file only. The abstract, if you have one, is pasted into SCARAB. Suggested file types are listed below. In cases where a thesis is comprised of multiple files (e.g. an artist statement and the actual composition(s)) you must package all files together in a single zip file. You must then upload the zip file. If you need help creating zip files, please see the Bates Help Desk in Ladd Library.
