## 2012-2013 Financial Aid Application – Short Term Off-Campus

Only those students who apply and demonstrate need for aid, according to the procedures and records of Student Financial Services, are eligible to be considered for Short Term assistance. In the event that aid is granted, the student should expect a portion of it to be in the form of a loan, because limited funds generally make it impossible to fund all need with grant alone.

To be considered for the upcoming Short Term, this application must be returned to Student Financial Services no later than **MONDAY, January 14th, 2013**. The permission of your instructor to register for the Short Term Unit must be recorded through the override process.

Please return completed form to: **Bates College**
