Notice to Members

Manage your health better with our quality provider network

Aetna Whole HealthSM — Maine Accountable Care Network

We've joined with several health care providers to offer you a quality provider network in greater southern Maine. Aetna Whole Health — Maine plans feature this network to help you improve and better manage your health.

Coverage and Savings for you and your family

This accountable care network applies to members in Androscoggin, Sagadahoc, Cumberland, Franklin, York, Lincoln, Oxford, Knox and Waldo counties. It provides the same types of coverage as our other medical plans. Just at lower overall costs. Savings come through enhanced coordination between local providers.

The plan also covers:

- Doctor visits and hospital stays
- Preventive care
- Prescription drugs

You can also log in to your secure self-service website at any time.

It's easy to get the care you need

Be sure to select a primary care physician (PCP) when you enroll in our plan even though you don't need a referral to see a specialist. You'll see your PCP for your annual wellness exam and preventive screenings. And he or she leads the health care team you get with this network. If you get sick or need other health care services, your PCP can treat you. He or she can make all parts of your care work together.

Your benefits summary provides more details regarding costs.

Institutes of Excellence Transplant Facilities

The Aetna National Medical Excellence Program coordinates care and provides access to covered transplant treatment through the national Institutes of Excellence™ network. We have selected hospitals that have met extensive quality, as well as cost-effectiveness criteria to participate in our Institutes of Excellence Transplant Facilities for solid organ transplants and bone marrow transplants. These facilities have been contracted on a transplant-specific basis and facilities are considered participating only for the transplant type listed in this directory.

To be considered in network for coverage for transplant-related services, including evaluation, transplant, and follow-up care, you must utilize an Institutes of Excellence participating facility that has been specifically contracted by Aetna for your transplant type. Services must be preauthorized with Aetna for coverage to be effective. Any facility that is not specified as an Institutes of Excellence network facility is considered nonparticipating or nonpreferred for transplant-related services, even if they are considered participating for other types of services.

Aetna is committed to Accreditation by the National Committee for Quality Assurance (NCQA) as a means of demonstrating a commitment to continuous quality improvement and meeting customer expectations. A complete listing of health plans and their NCQA status can be found on the NCQA website located at <http://reportcard.ncqa.org>.

To refine your search, we suggest you search these areas: 1) **Health Insurance Plans** — for HMO and PPO health plans and 2) **Physicians and Physician Practices** — for physicians recognized by NCQA in the areas of heart/stroke care, diabetes care, back pain and patient-centered medical home. Providers, in all settings, achieve recognition by submitting data that demonstrates they are providing quality care. The program constantly assesses key measures that were carefully defined and tested for their relationship to improved care; therefore, NCQA provider recognition is subject to change.

See “Other Reports on Health Care Quality” in the drop down menu for **Managed Behavioral Healthcare Organizations** for behavioral health accreditation and **Credentials Verifications Organizations** for credentialing certification.

Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services. For up-to-date information, please visit our DocFind directory at www.aetna.com or, if applicable, visit the NCQA's new top-level recognition listing at <http://recognition.ncqa.org>.
