### **Authors' Summary of the Peer Reviewers' Comments: Plan for Revision**

Pull together, from all the PRs your group received, the most important improvements needed for your paper by section as identified by your reviewers. All group members need to read over all the peer review comments. If it easier, you may type up these comments in similar format.

**\*\*\*\*\* This form needs to be attached to your paper when it comes in for evaluation. \*\*\*\*\***
