

## Fire Alarm Response and Building Evacuation Protocol

Fire code requires all building occupants to evacuate in an orderly fashion and proceed to the designated assembly area upon activation of a fire alarm. This includes faculty, staff, students, contractors and visitors. Participation in evacuations related to real events or drills is mandatory.

#### **Responsibilities:**

Building occupants should be familiar with information about any building they occupy and know locations of building exits, fire alarm pull stations, fire extinguishers and other related equipment. Faculty should review building specific guidance with their students at the beginning of the semester. Supervisors should review procedures with new employees, contractors and other affected persons. Residence Life staff should review housing specific guidance with residents at the beginning of each semester.

#### **Assembly Areas:**

Evacuation assembly areas have been designated for campus buildings. These can be found at the end of this document and at the following link:

https://www.bates.edu/environmental-health-safety/files/2022/09/Bates-College-Assembly-Area-List-08082022.pdf

#### Fire Alarm Response:

- 1. Shut down equipment you are responsible for and close doors and windows
- 2. Exit in an orderly fashion and proceed to the designated assembly area and remain until released by authorities.

Note: Some college buildings require a call be placed to Campus Safety at 786-6111. They will alert the fire department of the alarm. These buildings area noted in the linked spreadsheet noted above.

#### **Upon Finding a Fire:**

- 1. Exit the affected area closing door behind you
- 2. Pull fire alarm closest to your exit or stairwell
- 3. If safe to do so, alert others
- Exit the building and proceed to designated assembly area
- 5. Call 911 or Campus Safety at 786-6111
- 6. Remain at the assembly area until released by authorities.

### **General Guidance:**

- Do not take time to gather personal belongings
- Do not use the elevator for evacuation
- A fire extinguisher should only be used if you have been trained or your life is in danger
- If safe to do so, help others.

• If someone cannot exit, alert responding authorities at the assembly area or call 911 or campus safety at 786-6111

# Bates College Evacuation Assembly Areas

ACADEMIC BUILDINGS	ASSEMBLY AREA
31 Frye Street	Hayes House lawn
Bonney Science Center	Rear parking lot
Carnegie Science Hall	Quad
Coram Library	Quad
Dana Chemistry Hall	Quad
Hathorn Hall	Quad
Hedge Hall	Quad
Ladd Library	Library Quad
Muskie Archives	Library Quad
Olin Arts Center	Lawn by Adams
Pettengill Hall	Lane Hall parking lot
Pettigrew Hall	Lane Hall parking lot
Roger Williams Hall	Library Quad
Schaeffer Theatre	Lane Hall parking lot
Shortridge (Bates College Coastal Center)	Lower parking lot
ADMINISTRATIVE BUILDINGS	
110 Russell Street	Front lawn
