

## **GRAY CAGE POWER DISTRIBUTION**

(Renovation)

**ELECTRICAL ENGINEERING: HARRIMAN of Auburn Maine**

**CONTRACTORS: TBD**

**COMPETITION DATE: AUGUST 2019**

**TOTAL SQUARE FOOTAGE AFFECTED: 98,000 SQUARE FEET**

**PROGRAMMATIC DRIVER:** Installed in 1927, the Gray (Cage) Athletic Building's electrical service equipment has reached the end of its useful service life. In addition to the Gray Cage itself, the service distributes power to Alumni Gym, Muskie Archives, and John Bertram Hall.

**PROJECT DESCRIPTION:** The project will replace the Gray Cage main distribution panel and electrical feeders to Muskie Archives and Alumni Gym. The feed from Gray Cage to John Bertram will be discontinued. John Bertram will now be fed directly from the existing pad mount transformer.
