5. Ask recipient if they have any chronic conditions they would like to disclose. If so, document in the field separating each item with a comma. For example, hypertension, diabetes, hypothyroid

a. Booster appointment – select the location the recipient will return for the booster. The location is critical!

- a. If Pfizer, booster date is 21 days from first dose
- b. If Moderna, booster date is 28 days from first dose

| Booster Appointment | | |
|----------------------------|---------------|---|
| Scheduled Booster Location | Please select | ~ |
| Scheduled Booster Date | | Ĭ |
| Scheduled Booster Time | | 0 |

In order to maintain equal distribution of recipients on the booster day, it is PREFERABLE that recipients schedule the booster time for the same time that they received the first dose of vaccine.

Once recipient is registered, they can proceed to the vaccination table.

How to Register Recipients for 2nd (Booster) COVID Vaccine for the above population:

- If recipient received first dose within CMH, then use the search field and type in the recipient's Registration ID number. Select the recipient.
- 2. Click on the Blue oval to display the 1st vaccine given

| / ۹ 🗆 🔳 | | | У |

| Delete | | | |
| Admistered at Location | Administered Date | MVX | Lot Number Unit of Sale [Box] |
| Central Maine Medical Center | 12/16/2020 | Pfizer | Pfizer - EK5730 |

- 3. Verify the vaccine available in clinic today is the same brand as 1st dose. If not, contact site leader.
- 4. Verify information in recipient's profile and make any necessary changes.
- 5. Complete the Post Vaccine Adverse Reaction/Side Effects section

| Employee had an Adverse Reaction | |
|----------------------------------|---|
| Side Effect(s) | Pain at the injection site Tiredness Headache |
| | Muscle Pain Chills Joint Pain Fever Nausea |
| | Tingling in arm Dizziness Diarreah Vomiting |
| | Rash Other |
