MID COAST HOSPITAL

Our Community. Our Health.

www.midcoasthealth.com

Mid Coast Hospital is one of Maine's most modern hospitals, having opened in a completely new facility in 2001. An independent, community, non-profit hospital accredited by the Joint Commission, Mid Coast's active medical staff represents 30 primary care and specialty areas.

Located in Brunswick, Maine (with extensions in the surrounding towns of Bath and Topsham), Mid Coast Hospital patrons and staff live and work in one of Maine's most beautiful and desirable regions. In fact, Brunswick has twice been named one of the 10 best places to retire in America by *Money* magazine.

For 125 years, St. Mary's Regional Medical Center has provided comprehensive health care to many generations in the diverse Lewiston/Auburn community. St. Mary's is a 233-bed acute care hospital with a 24-hour Emergency Department and Chest Pain Center. St. Mary's primary care and specialty physicians, physician assistants, nurse practitioners and midwives are nationally accredited for the quality of their care.

InterMed is a medical group founded on the goals of patient-centered primary care that is enhanced by integrated specialty services. InterMed's staff is a team that focuses on putting the patient first to deliver high quality, high value care and by forming partnerships with other organizations to benefit patients. InterMed continually innovates and improves how healthcare is delivered with the goals of healthier patients and better, higher value outcomes.

MARTIN'S POINT® HEALTHCARE

Martin's Point Health Care is a physician-led, not-for-profit health care organization that strives to provide the best possible health care experience. Martin's Point is a progressive health care organization offering both clinical patient care and health plan administration. Serving both patients and health plan members gives Martin's Point Health Care insights to make meaningful improvements to the health care system.

Specialized services include: the Center for Cancer & Blood Disorders, Center for Orthopaedics, Center for Joint Replacement, Center for Family Urology and the Women's Health Pavilion, offering OB/Gyn medical services, midwifery and family birthing all in one convenient location.

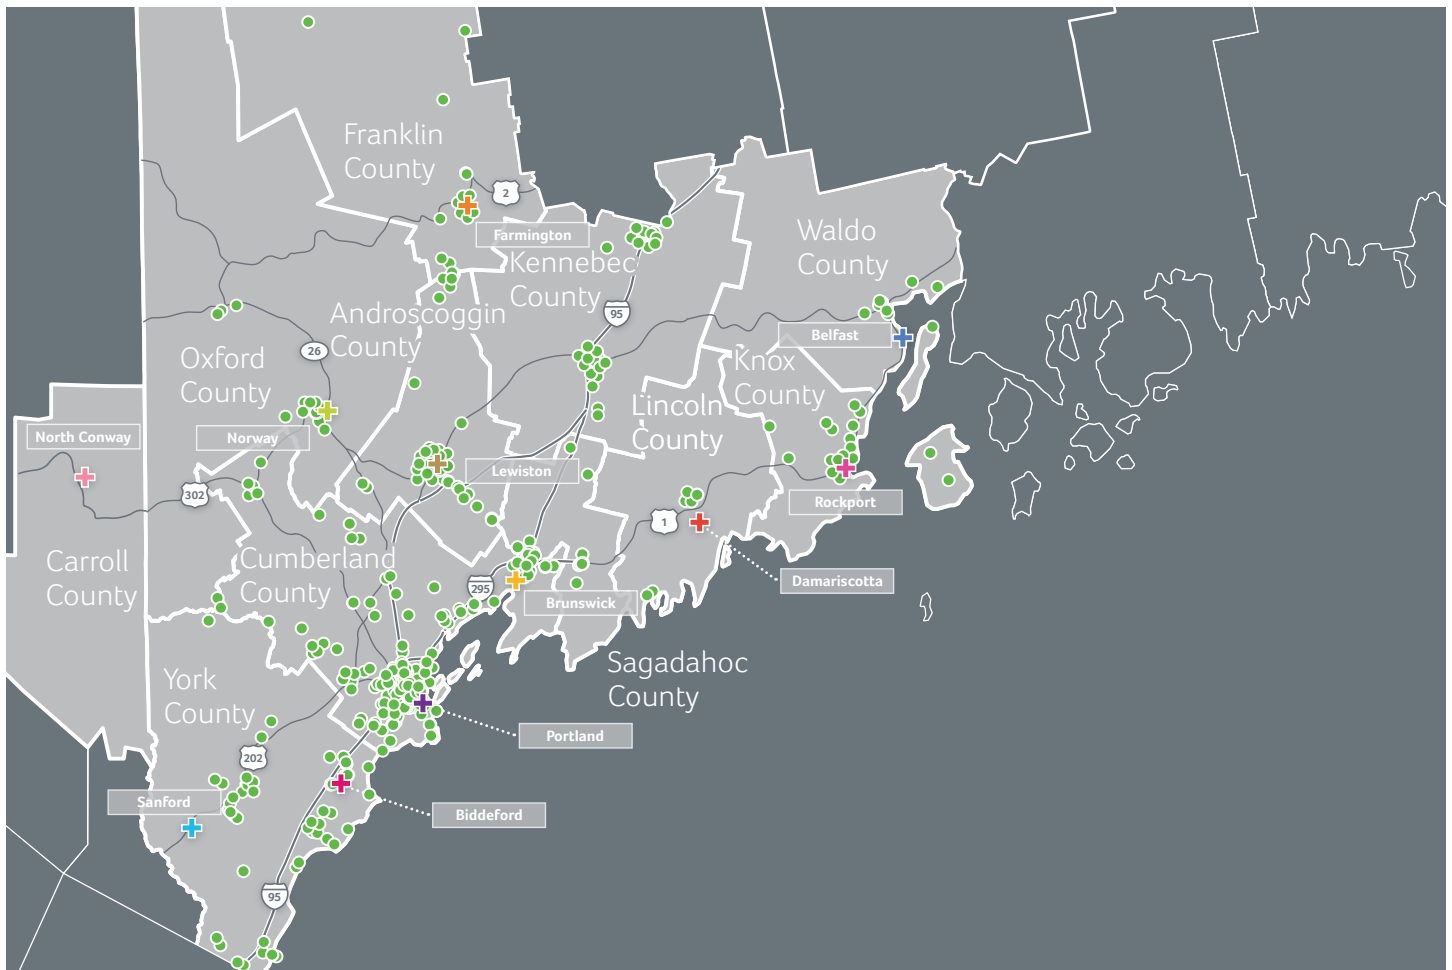

InterMed was founded in 1993 and is currently the largest physician-owned primary care practice in Maine. The practice is made up of 80 physicians, and has over 400 non-physician employees. InterMed currently serves more than 70,000 primary care patients in the community. InterMed has three practice sites that are located in Portland, South Portland and Yarmouth.

By building trusting relationships, treating each patient with warmth and concern, and helping them take an active role in their health and well-being, Martin's Point Health Care makes a positive difference in the lives of the people it serves and contributes to building strong and healthy communities. The organization's commitment to making improvements to the health care system is guided by simultaneously achieving three goals of improving health outcomes, the experience of care and overall health care costs.
