Investors should carefully consider the investment objectives, risks, charges, and expense of any mutual fund before investing. This and other important information can be found in the fund prospectus and, if available, the summary prospectus, which may be obtained by calling the fund or by visiting the fund's website. Please read each fund's prospectus and, if available, summary prospectus carefully before investing. The performance data quoted represents past performance and does not guarantee future results. Current performance may be lower or higher than the performance data quoted. The investment return and principal value of an investment will fluctuate, so that an investor's assets when sold, may be worth more or less than their original cost.
