

WE'RE HERE FOR YOU, JUNIORS.

As you get used to calling yourselves rising seniors, are you starting to wonder about your next steps after Bates? With COVID-19 significantly impacting the economy, are you weighing internship and job opportunities as well as graduate and professional school options? Where do you want your Bates experience to take you a year from now?

From all of us at Purposeful Work and on campus, to the wide range of alumni, parents, and friends of Bates across industries and professions, there's a great deal of wisdom to access. Know that you're part of a community that cares about improving the world, bettering society, and supporting each other in the process. Make sure to take advantage of a network that spans the country and the globe -- that's where the value lies.

In face, check out all of the different ways that the **BATES COMMUNITY AND NETWORK** have been activated to support students:

1. **UPCOMING ALUMNI PANELS** -- Purposeful Work is collaborating with [Alumni Council](#) and [Alumni Engagement](#) to bring you two very special panels this week and next week:
 - *Practice Makes Professions: How Athletics Can Lead You to Purposeful Work*
Teamwork. Accountability. Integrity. Toughness. Balance. Trust. Join us for a conversation with three former Bates student-athletes about how they translated these and other leadership skills learned on the court and on the field into professional and personal success.
 - **[RSVP HERE](#) for Thursday, May 21 at 8PM**
 - *Bottoms Up! Alumni Wisdom for Navigating Recessions and Building Resilience*
Join us to hear members of the Class of 2009 share their personal stories of resilience and success during and after the Great Recession. It's an opportunity to hear perspectives and strategies on navigating difficult economic times—and consider what defines a recession resilience story. The panel will be moderated by Maya Church from the Class of 2020.
 - **[RSVP HERE](#) for Wednesday, May 27 at 8PM**

2. **VIRTUAL INTERNSHIPS** -- Purposeful Work is continuing to share virtual internship opportunities created by generous alumni, parents, and friends -- several at organizations started and/or helmed by Bates connections. If you're still searching for opportunities on Handshake, make sure to plug in "PW 2020" and explore virtual opportunities open to juniors. Note that Purposeful Work competitive funding is still available -- check out [this Handshake posting](#) for details and instructions. The third and final funding deadline is MAY 26. NOTE: If you're an international student, remember to check in with Shelley Palmer to confirm you're eligible before applying.
3. **BATES BRIDGE & LINKEDIN** -- In collaboration with [Alumni Engagement](#), Purposeful Work launched [Bates Bridge](#) this year, a new online platform to foster student-to-alumni and alumni-to-alumni connections. Batesies connect with one another for meaningful discussions — regardless of where they are in the world or where they are on their own path. The platform supports students and alumni as they ask questions, connect with new people, join groups, and inspire each other. In conjunction with the [Bates College Alumni Section on LinkedIn](#), Bates Bridge is critical to helping you build out your Bates network. For advice and guidance on how to best utilize these platforms, check out our networking videos on our [Purposeful Work YouTube Playlist](#).
4. **ADDITIONAL CONNECTION EVENTS** -- In addition to upcoming alumni panels, Purposeful Work delivered several informal and formal events with alumni and parents over the past few weeks -- Bobcat Ventures with Chris Barbin '93, International Affairs with Patrick Quirk '03, Entertainment Careers with Steven Brookman P'21, PA vs. NP Careers with Sarah Bouchard '15 and Alyssa Connors '16 -- with [International Trade with Jim Paul P'22](#) coming up soon! Check out recordings on our [Purposeful Work YouTube Playlist](#) and event links on Handshake.
