

Scheduling of Finals

All courses are scheduled with a Final Exam, regardless of prior practice for a class or academic unit. Instructors may indicate on the department grid if their course does not have a final exam, or they may contact the Registrar's Office directly to remove the exam time. As the semester schedule is being built, courses will be assigned a final time based on the time the section meets (in general, the lecture section) according to the grid below. Final exams are scheduled the Tuesday-Monday after regular class sessions end.
