Upcoming Site Update.
Dear Subscriber, March 2023

We are pleased to announce that we will add some wonderful new features to your Chemwatch system, including:

- New 'Simple Manifest' User Interface
- Automatic Risk Assessments (RA)
- New Logout Icon
- Poison Centre Notifications (PCN)
- Smarter Suite eLearning

New Simple Manifest UI (Relevant to All Users)

The Chemwatch suite has a brand new interface mode, designed to be simpler than ever! On a single screen on your Chemwatch home page, you can view everything related to your Chemicals Management System in a streamlined manner. The intuitive user interface is separated to **Documents and Alerts** and allows you to:

- Access Vendor SDS instantly
- Generate one-page Mini SDS with colour-coded hazard alerts

If you are not sure how to use the form above please [click here](#) to access the old login screen. To check your system compatibility please refer to the [client side requirements](#).

Upcoming Webinars

Register 19 Apr 2023	AUS/NZ Exploring The Relationship Between Chemicals in Articles and Environmental Goals: Identifying Gaps in EU Chemical Management
Register 26 Apr 2023	Italy I pericoli delle sostanze chimiche che alterano il sistema endocrino (The Dangers of Endocrine Disrupting Chemicals)

Upcoming Product Training

Register 29 Mar 2023	GoldFFX Training
Register 12 Apr 2023	GoldFFX Training
Register 19 Apr 2023	Product Training Manifest

2) Type "batesedu" in the account field and press tab on your keyboard.

CHAT TO YOUR CHEMWATCH ENTOURAGE

3) Enter your bates credentials.

The image shows a login form for 'Bates'. At the top, the word 'Bates' is written in a large, bold, red serif font. Below it, the word 'Login' is in a smaller, black sans-serif font. There is a text input field with the placeholder text 'Username' and a red eye icon to its right. Below the input field is a red button with the white text 'Go'. Underneath the button, the text 'Forgot password?' is displayed. At the bottom, there are two numbered instructions: '1. Enter your username and click 'Go'' and '2. Click the *Forgot Password?* link'.

4) Ignore this notification. The demonstration does not apply here.

5) The interface in the upper left-hand corner is used to search for SDS.

6) Make sure that "Vendor SDS" is selected.

- 7) The best way to search for a particular SDS is to use the CAS number. In this example I'm using the CAS number for ethyl acetate.

- 8) If there is an SDS in the system, you will see it in the right-hand window. In this case, we can see under vendor it says multiple. This means we have SDS from multiple vendors for this chemical. It can also mean we have several from one vendor that is the same chemical but a different product (level of purity etc). When you click on the multiple button, you will be able to see all of the SDS we have for ethyl acetate in the system.

The screenshot shows a search results table with the following columns: TRACK, HAZARD, MATERIAL NAME, CAS NUMBER, VENDOR, COUNTRY, and LANGUAGE. The first row contains the following data: TRACK (empty), HAZARD (empty), MATERIAL NAME (ethyl acetate), CAS NUMBER (141-78-6), VENDOR (VGD Gold), COUNTRY (empty), and LANGUAGE (empty). A "Multiple" button is visible next to the vendor information.

TRACK	HAZARD	MATERIAL NAME	CAS NUMBER	VENDOR	COUNTRY	LANGUAGE
		ethyl acetate	141-78-6	VGD Gold		

- 9) You are now able to select and open an SDS that is vendor specific. In this example I am selecting the SDS from Sigma-Aldrich. Clicking on the name will bring up the SDS.

TRACK	HAZARD	MATERIAL NAME	CAS NUMBER	VENDOR	COUNTRY	LANGUAGE
		ethyl acetate	VGD Gold 141-78-6	Multiple		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
		Ethyl Acetate, 99.5% Issue Date: 04/28/2017 ; Extraction Date: None	Gold 141-78-6	Life Technologies Corporation (part of Thermo Fisher Scientific)	United States	English
		Ethyl acetate Issue Date: 01/23/2018 ; Extraction Date: 09/01/2018	VGD Gold 141-78-6	Acros Organics (Fisher Scientific)	United States	English

SAFETY DATA SHEET

Version 6.4
 Revision Date 10/08/2021
 Print Date 03/01/2022

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifiers

Product name : Ethyl acetate

Product Number : 27227
 Brand : SIGALD
 Index-No. : 607-022-00-5
 CAS-No. : 141-78-6

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses : Laboratory chemicals, Synthesis of substances

1.3 Details of the supplier of the safety data sheet

Company : Sigma-Aldrich Inc.
 3050 SPRUCE ST
 ST. LOUIS MO 63103
 UNITED STATES

Telephone : +1 314 771-5765
 Fax : +1 800 325-5052

1.4 Emergency telephone

Emergency Phone # : 800-424-9300 CHEMTREC (USA) +1-703-527-3887 CHEMTREC (International) 24
